

# Project Brief

## Operation of Food Trucks in Hulhumalé

---

### Introduction

This project aims to diversify the varieties of food available to the residents and visitors of Hulhumalé while empowering MSMEs and creating a livelier environment, similar to that of most global cities.

### Components of Project

- Parking area with oil trap and cleaning facilities for the Vehicles
- Food truck service locations

### Project Implementation Process

- Successful proponents would need to make an acquisition fee of MVR 500,000.00 (Five Hundred Thousand Rufiyaa) to secure the parking space for the vehicle, during the framework stage.
- The proponent must procure the vehicle during the framework stage and acquire relevant permits and registrations from the relevant authorities.
- 3-month security deposit amounting MVR 60,000.00 (Sixty Thousand Rufiyaa) shall be paid within the framework period prior to obtaining written statement of operation authority.
- Operators will be allowed to cook and prepare food in food truck on the service locations.
- Tentative Service hours are from 7AM to 12 AM.
- Operators should adhere to all the laws and regulations set forth by all relevant Authorities.
- HDC will issue a written statement with authority to provide services as a food truck to the operators.
- Booking system would ensure that no more than one food truck operating in same location at the same time.
- A monthly lease of MVR 20,000.00 will be taken for the operational rights and parking space usage.
- A parking location will be allocated by HDC to the successful proponents with water, cleaning facilities and oil trap.
